

KEEP GOD'S LAND FAMILY SEDER GUIDE

This Passover, stand for Israel's biblical heartland by hosting a "Keep God's Land Seder."

The meaningful additions below will enrich your traditional Seder while deepening your family and guests' connection to our ancestral homeland in Judea and Samaria.

A NOTE FOR FAMILIES:

Children are our future and the reason we advocate for our homeland. We've included child-friendly elements throughout - special movements, stories, and questions - to engage young hearts and minds in this important conversation about our heritage and homeland.

Leave an empty seat at the Seder table for our brave IDF soldiers who are spending this Passover fighting for our land — away from their own family tables. Say a prayer for their safety and swift return home.

When you break the middle matzah, commit to prevent the further division of our homeland. The Prophet Joel warned about dividing the land: "I will gather all the nations and bring them down to the Valley of Jehoshaphat. There I will enter into judgment with them on behalf of my people and my heritage Israel, because they have scattered them among the nations and have divided up my land."

What do you do to take care of the things that are important to you?

Buy wine for the four cups from Judea & Samaria and support the award-winning vineyards producing liquid prophecy, "Again you will plant vineyards on the hills of Samaria; the farmers will plant them and enjoy their fruit."
(Jeremiah 31:5)

Blessing Train – Go around the table and have each person say one blessing in their life, just like the land gives us wine as a blessing.

While washing, think about how more than 50% of Israel's natural water resources come from the mountains of J&S, fulfilling the verse, "then I will give you the rain of your land in its time, that you may gather in your grain, your wine, and your oil." (Deuteronomy 11:14)

How can we take better care of the natural resources God has given us?

For Karpas, raise some eyebrows by using a cherry tomato instead of traditional parsley. Invented in Israel and grown on farms throughout J&S, cherry tomatoes celebrate the miracle of Israeli innovation and Jewish ingenuity!

The Torah describes our homeland as "flowing with milk and honey." How do you see this ancient promise fulfilled in the farms and vineyards of Judea and Samaria today?

When dipping into the saltwater, shed a tear for our brave IDF soldiers wounded while defending Judea and Samaria and all of Israel. Say a prayer for their complete healing and recovery.

How can we show gratitude to the soldiers who protect us?

When holding the egg, celebrate the remarkable renewal of Jewish life in Judea and Samaria, where families have the highest fertility rate in all of Israel, raising the next generation in our ancestral homeland.

What makes a home feel warm and full of life?

During Magid, trace the footsteps of our ancestors along modern-day Route 60, the Biblical Highway. Follow their journeys from Beit El and Shiloh in the north, through Jerusalem, and continuing to Bethlehem, Efrat and Hebron in the south - the very same paths where Abraham, Isaac, and Jacob walked thousands of years ago.

How can we take better care of the natural resources Hashem has given us?

As you taste the Charoset (mortar), celebrate the modern concrete being poured throughout Judea and Samaria: building new roads, homes, and the exciting 13 new communities in our biblical heartland!

In Israel's early years, pioneers faced a critical challenge: bringing water to the desert. They built the National Water Carrier—a massive pipeline transporting water from the Sea of Galilee to the south. Soldiers and young settlers worked tirelessly to complete this vital infrastructure. Today, this project enables Israeli agriculture to flourish and cities to thrive, showing how determined construction transforms barren land into a flourishing nation.

While eating Maror, reflect on today's dangers: terrorists released from Israeli prisons who now roam freely in Hamas and Palestinian Authority strongholds, threatening the safety and security of our communities in Judea and Samaria.

How do you stay strong when something makes you feel sad?

When enjoying the Hillel sandwich commemorating the Temple, pray for sovereignty over the Temple Mount and the restoration of the Third Temple, speedily and in our days!

Stand with your feet apart. Imagine you are building the Temple, just like the people did in ancient times. Slowly raise your arms as if you are stacking bricks to create the walls of the Temple. Stretch your arms high as you reach for the sky, and then bring them down slowly to the ground as if you're laying the foundation.

When opening the door, pray that God “pours out His wrath on our enemies” who must no longer be allowed to live in our midst posing unacceptable dangers to our people.

What do you do to connect to God, even in difficult times?

Raise a fifth cup of wine for the final expression of redemption, "And I will bring you into the land which I swore to give to Avraham, Yitzchak, and Yaakov, and I will give it to you as an inheritance; I am God." (Exodus 6:8)

What are some ways you can help protect the land of Judea and Samaria for future generations?

Conclude your Keep God's Land Seder by singing and dancing, "Next Year in Jerusalem, Judea and Samaria!"

Create a song together as a family about your love for Israel. Make up a simple chorus and verses, and add clapping or stomping to keep the rhythm and have fun!
